**Subject:** RE: Follow-up on 401(a)(2) for NPDES permits for federal hydro dams in WA

Thank you for your interest in hearing back from DEQ.  
I don't have anything to relay to you at this point, but it is good to know of your availability.

Hi Beth and Marilyn,

I'm following up on our conversation on EPA's 401(a)(2) notification on the NPDES permits for the federal dams on the Lower Columbia River and Lower Snake River. Dan Opalski, our Office of Water and Watersheds Director, said he had spoken to Jennifer Wigal about some concerns on the permit. Also, I wanted to check in with you on whether you'd had a chance to talk with Ecology on their cert. Please feel free to let me know if there's a good time to talk through these issues next week. We can also meet in person if that makes sense. Thanks!

Jenny Wu
